## Share Your Card

---

[www.cardscan.me/stevesohcot](http://www.cardscan.me/stevesohcot)

Use this QR bar code to connect with others:

Connections go both ways! Once someone has scanned your bar code, you'll be added to each other's contacts.

## Share Private Cards

---

Select the private cards you want to share by creating a custom bar code that will give people access to them:

☐ Private ☐ test ☐ Test

Note: all custom bar codes expire in 24 hours.

Natasha S  
Add one or more cards and choose how and with who they are shared.
- 3**  
Share cards by scanning barcodes, sending a link, or using an app.

## Why CardScan.Me?

### Upgrade Your Business Card To 2.0!

Why a virtual business card is the right choice:

- ✓ It **centralizes** your social network links.
- ✓ It's **smart**, control what info you share & with who.
- ✓ It **stays in the know**, contact details stay updated.
- ✓ It **cares**, never run out of cards and it's eco-friendly!

### How Do I "Scan"?

Use your cell phone to scan bar codes with your camera:

- ✓ Any existing app you have to read bar codes
- ✓ Android App
- ✓ iPhone App
- ✓ Blackberry App (Coming Soon)

## Add Link

The image shows a dialog box titled "Add Link" with a close button (X) in the top right corner. The dialog contains four input fields: "Label" (empty), "Web Address" (containing "http://www."), "Size" (a dropdown menu with "Medium" selected), and "Style" (a dropdown menu with "Regular" selected). A blue "Save" button is located at the bottom right of the dialog. The dialog is set against a background with a diagonal line pattern.
