Are there any fees?

SplitTiks charges a one time fee that varies between 10%-20% of the total ticket price. No interest or credit checks, and we allow you to pay off your ticket prior to your event.

How does it work?

Partnership Checkout

Integrating with other ticket vendors

How does it work?

If you have an API that we can determine the event info (price, date, etc.), pass in a Transaction ID to us in your checkout process and we can take care of the rest!

Simple implementation

Place our code where you want the button to appear, and put your values in the "data-" attributes:

```
<script src="https://splittiks.com/js/checkout.js"></script>
<div id="SplitTiksButton"
  data-vendor-name="MyWebsite"
  data-transaction-id="<?php print $transaction_id">
  >
</div>
```

See it in action!
